NAMI Western Massachusetts Our Goal:

The idea of having the art exhibit is so that artists living with a mental illness will have a chance to exhibit their talents and show the public how art can be a healing process during recovery.

The exhibit can help raise awareness about NAMI-WM and help break the stigma attached to mental illness.

Mission Statement

NAMI Western Massachusetts is dedicated to helping to improve the quality of life for individuals and families affected by mental illness and through support, education and advocacy towards building better lives.
