

While we are very grateful for the support shown in recognition of our life changing work, regretfully contributions have significantly declined in these fiscally challenging times. Also, in June of this year, we moved and unfortunately we have received no forwarded mail, including donations, to our new address. We have reached a critical juncture in our over forty years of service to the Western Mass community.

We are getting mail that is addressed to our new location, 1221 Main Street, Holyoke, MA 01040. Our inquiries with the Post Office have revealed a spelling error of our organization's name, on their part. None of our donors and friends have called to inquire why their mail to us, has been returned to them. So, for the Post Office to say all our incoming mail was 'returned to sender' is not correct. We actually have people asking why we haven't sent a thank you or reply to them.

Because of this error we are desperate for our mail, for the many donations a caring community sends us, which are not reaching us! If you have a contact at the Post Office or experienced a similar situation please reach out. Call us at 413-786-9139. Use any contacts, social media followers, or friends and family to expose this travesty and get us the help we need.

NAMI WM is a grassroots 501(c)3 organization that provides support to your community. We need your tax-deductible donations to continue providing information and support to individuals and their families affected by mental health conditions. Help us to Stop the Stigma! Visit www.namiwm.org.
